

SOCIETY

A fashionable and interesting society event of yesterday evening was the marriage of Miss Margaret Gardner Tyler, daughter of Judge and Mrs. David Gardner Tyler, to Stephen Fowler Chadwick, son of Judge and Mrs. Stephen J. Chadwick, of Seattle, Washington, which was celebrated at 6:30 o'clock at "Sherwood Forest," the historic home of the bride's parents. Rev. R. H. Jones, rector of old Bruton Parish Church at Williamsburg, performed the ceremony, which took place in the long, old-fashioned parlor. The house was lighted everywhere with candles in great silver candlesticks and decorated with evergreen and magnolia blossoms grown in the quaint old garden of "Sherwood Forest." Mrs. H. L. Marcellus, arrived here today with 1,500 and 2,245 troops, respectively. Among them were casual companies organized from men living in Virginia, Tennessee and scattered points. The America brought back three officers and 121 men of the Three Hundred and Thirtieth Field Remount Squadron; two officers and 205 men of the One Hundred and Eighty-fifth Infantry; transportation corps, and sixteenth scattered casuals companies. The troops on the North Carolina, which made its last voyage as a transport, were under the command of Major Joseph O'Brien, who was killed in action. LEMUEL ELY QUIGG PASSES AWAY AFTER LONG ILLNESS

Was Former Member of Congress From New York and Newspaper Editor

NEW YORK, July 2.—Lemuel E. Quigg, former member of Congress and prominent in Republican politics in New York State for many years, died at his home here early today. He had been in poor health for several years. Mr. Quigg is survived by his widow and one son. He was born in Cecil County, Maryland, February 23, 1853. He came to New York after he had completed his preliminary education and took up newspaper work. He was connected for several years with the Tribune and later was elected vice-president of the New York Press. It was as editor and publisher of the Press that Mr. Quigg entered politics and campaigned for Congress. Subsequently he resigned his seat in the House to take complete charge of the Press. He was elected president of the Republican county committee in 1897 and made a reputation as an orator. While he was engaged in newspaper work Mr. Quigg studied law and was admitted to the bar in 1899. He specialized in corporation law.

CAMP LEE RECRUITING SETS NEW HIGH MARK

Total of 114 Accepted for Army in Single Day at Great Troop Center.

OPPORTUNITIES IN SERVICE

Soldiers May Study, Travel and Enjoy Healthful Recreation and Amusement to Greater Extent Than Ever Before.

CAMP LEE, VA., July 2.—All records were smashed on the last day of June at Camp Lee, the enlistments totaling 114 on that day against the former record of sixty-three in a day. This brings the grand total for the campaign up to 1,203 since March 23. It was remarked by officers in the recruiting station yesterday that the men enlisting are a better type than previously and most of them apparently enlist with a definite object in view, this being to better themselves physically and morally, and to learn a trade. The facilities in the army for study, healthy recreation and amusement, are greater than ever before. For the men who did not have the privilege of serving overseas during the war there are still a few days of peace in which they may avail themselves of the highly educational and interesting trip to Europe, as well as be sojourning in the war-torn countries. Over 50,000 men have been enlisted throughout the army since March 23 and the second 50,000 is well under way. With the cessation of enlistments for so better themselves physically and morally, and to learn a trade. The facilities in the army for study, healthy recreation and amusement, are greater than ever before.

EARTHQUAKE CAUSES DEATH OF ONE HUNDRED PEOPLE

Several Thousand Made Homeless in Italy When Earth Trembles.

FLORENCE, July 2.—The earthquake in this district Sunday caused 100 deaths, made several thousands homeless, and destroyed how many churches, schools and public buildings. The work of relief proceeded with such rapidity today and tonight that virtually all those made homeless were given food and shelter. To take the place of the railroad from Florence toward Borgo San Lorenzo and Vicchio, thousands military wagons and motor trucks have been pressed into service. The wagon and trucks form an unbroken stream from Florence to the center of devastation. The military authorities who have been working incessantly, believe that the situation now is well under control. A high-grade table delicacy for every meal of every day.

A PURE TABLE SYRUP

More Tempting Than Any You Ever Tasted

Different in its rare rich flavor—in its mellow amber color—in its fine, well-bodied consistency—a spread that is neither too thick nor too thin.

Domino Golden Syrup is different, because you never tire of its delicate cake taste. Sweet, but not too sweet. A high-grade table delicacy for every meal of every day.

It is a fine food for the whole family. Children love it, and it is so pure and wholesome they can eat all they like. Try it on bread, cakes, biscuit and waffles—you will like it!

There is nothing more really tempting and appetizing than Domino Golden Syrup. You will find it in 18-oz. and 25-oz. cans at your grocer's. Order some today! Domino Golden Syrup is made by the American Sugar Refining Company, refiners of Domino Package Sugars—Granulated, Tablet, Powdered, Confectioners', Brown—Adv.

TO NAME COMMISSION OF 14

Body Will Settle Differences Existing Between Belgium and Holland.

PARIS, July 2.—It has been decided to name an international commission of fourteen members to give their examination to the divergent viewpoints of Belgium and Holland on questions affecting the peace conference. Each of the two countries will have two delegates and two alternate delegates to each of the two interested countries. The German delegates have sent to the conference a note inquiring when and where it will begin negotiations regarding the application of the conditions agreed upon for the administration of the left bank of the Rhine during the period of occupation.

Lee-Pinckney.

Another prominent wedding of yesterday was that of Colonel Robert E. Lee, grandson of the famous Confederate general, and Mrs. Mary Memminger Pinckney, widow of Gustavus M. Pinckney, son of the late Cotesworth Pinckney, of Charleston. The ceremony took place at high noon in the Church of the Epiphany in Washington. Only a few close friends and relatives witnessed the marriage, which was a quiet one, and there were no attendants.

Colonel Lee is a son of Mrs. W. P. Lee of Ravensworth, Fairfax County, and is a direct descendant of a signer of the American declaration of independence. His bride was formerly Miss M. M. Middleton, daughter of a direct descendant of Arthur Middleton, who was also a signer of the declaration of independence.

Rites-Honaker.

The home of Mr. and Mrs. J. R. Honaker, at Wytheville, was the scene of a pretty wedding Saturday morning. June 28, when the daughter, Miss Ella Honaker, became the bride of Leon Little Rivers, of Greenville, North Carolina. The ceremony took place on the porch, which was beautifully decorated with ferns and pink roses.

The bride wore a handsome dark blue going away gown with corsage bouquet of sunburst roses. Miss Ella Huffard sang "Until." The rite was carried by Scott Shaver, little nephew of the bride, to the strains of Lohengrin's wedding march, played by Miss Mattie Sumner on the violin and Mrs. Ella Huffard at the piano. The ceremony was performed by Rev. G. J. Lambert, of the Methodist church. The music was rendered by Misses Sumner and Huffard.

Approaching Wedding.

Mr. and Mrs. James E. Hubbard have issued invitations for the marriage of their daughter, Annie Celeste, and Leslie Howard Dawson, the ceremony to take place on Wednesday morning, July 3, at 10:30 o'clock in the home of the bride, 2315 East Grace Street.

Home Wedding.

Andalusia, the home of F. R. Richardson, near Bagby, was on the afternoon of June 25, the scene of a marriage when Miss Mary B. Richardson became the bride of Edward Danby Binn, of Richmond. The parties were decorated with evergreen and magnolia blossoms and lighted with altar candles. There were many relatives and friends as the bride party entered the ceremony. The bride wore a white gown and carried a bouquet of roses. The ceremony was performed by Rev. H. A. Williams, brother-in-law of the bride and Rev. Andrew Broadbent, of Sparta. The bride wore a suit of gray cloth and a purple hat, and carried an arm bouquet of roses. After the ceremony refreshments were served. The living-room was decorated with sweet peas and dahlias, and the refreshments were served by Misses Harriet Rolph, Carrie Mahon and Elizabeth Butler, wearing organdie dresses.

Mr. and Mrs. Binn left later for Virginia Beach. They will be at home after July 1 at 414 North Twenty-fourth Street, Richmond.

IN AND OUT OF TOWN.

Mrs. Jacquelin P. Taylor and her daughter, Miss Mary Dade Taylor, have left for the White Sulphur Springs, W. Va. Mrs. Ernest C. Meade, of Richmond, who is visiting friends in Norfolk, will later spend a short time at Virginia Beach. Mrs. C. G. Wallace and her three children, of 403 North Davis Avenue, are spending two weeks in Williamsburg, N. C., as the guests of Mrs. Louis Selig. Mrs. Kate Dew Waller and her family, of 41 West Grove Street, are going to Wood, their country home in South Carolina, where they will spend some time before going to Richmond until September.

A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare. In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form. In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar. This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

their attention to the Mexican border. A telegram received by the recruiting officer at Camp Lee authorizes the enlistment of men for special assignment to organizations on the Mexican border as follows: Infantry, white, infantry, colored, with previous service; cavalry, white; field artillery, engineers, medical department, ordnance, signal corps, air service and Q. M. corps. All those who have not previously served in the army are offered the three-year term only. The recruiting officer is also authorized to enlist men for any organization, camp, post or station situated within a radius of 500 miles of the main station. They will be sent to the place of their choice for completion of enlistment. There are also some vacancies for service in Alaska. The men who desire to spend their term in the far north will be sent to the Twenty-first Infantry.

Cotton Made Fair Growth. WASHINGTON, July 2.—Cotton made fairly good growth in most Northern districts of the belt, but progress was poor nearly everywhere else, according to the national weather and crop bulletin as follows: The cotton during the week ending yesterday.

"Meats in Storage"

Every working day of the year 75,000,000 pounds of meat are required to supply home and export needs—and only 10 per cent of this is exported.

These facts must be kept in mind when considering the U. S. Bureau of Markets report that on June 1, 1919, there were 1,348,000,000 pounds of meats in cold storage. If the meat in storage was placed on the market it would only be 20 days' supply.

This meat is not artificially withheld from trade channels to maintain or advance prices.

Meats in storage consist of—

- 65 per cent (approximate) hams, bacon, etc., in process of curing. It takes 30 to 90 days in pickle or salt to complete the process.
- 10 per cent is from pork that is to be cured later in the year.
- 6 per cent is lard. This is only four-fifths of a pound per capita, and much of it will have to go to supply European needs.
- 19 per cent is frozen beef and lamb, part of which is owned by the Government and was intended chiefly for over-seas shipment. If this were all diverted to domestic trade channels, it would be only 1½ lbs. per capita—a 3 days' supply.

From this it will be seen that "meats in storage" represent merely unfinished goods in process of curing and the working supply necessary to assure the consumer a steady flow of finished product.
